

2018 En Vie Blanc de Noir Sparkling

ABOUT

En Vie, in French this means 'Alive'. That's exactly how we want you to feel when you pop open a bottle of this delicious sparkling wine. En Vie came to existence due to fact that we were simply fed up of drinking inexpensive bubbles that were too sweet and bland. It left us feeling like this style of sparkling had something more to give.

And so, the En Vie was born. It's a blanc de noir sparkling with all the fruit driven tastes of vibrant strawberries and cream and light cherries you could ask for, combined with a full mouth feel and crisp finish that leaves other sparkling wines in this price point a distant second.

Drink En Vie with friends, and you can't help but feel 'alive'

2018 VINTAGE REPORT

Generous rainfall throughout spring, along with warm spring temperatures, led to good yields. Flowering conditions were nigh on perfect and these conditions followed through into fruit set (early January). Warm but not extreme temperatures continued into summer and meant an eastart to harvest. A dry March, with cool overnight temperatures, kept disease pressure low and allowed grapes to retain excellent natural acidity.

TASTING NOTES

The nose is perfumed citrus, orange blossom springs to mind. Light and fresh on the palate, strawberries and cream are the prominent flavours. Crisp acid and a hint of orange and lemon to finish.
